Dear Parent/Carer

Update - Remote Learning

I hope that you and your families are safe and well.

Many of you will have seen your child accessing Google Classroom and other online resources such as Maths Watch and Seneca during this week. Our monitoring and communication with students indicates many are engaging with their work at home and being very conscientious in their efforts.

You may have already visited the remote learning section on our website, but I want to draw all parents' attention to the guidance and resources we have posted on our website at <http://www.valeofyorkacademy.org/remote-learning/>

In this section you will find guidance for you on remote access and, under each subject, further information providing instructions for the work being set and other content. We created this guidance specifically with parents in mind so you can support (and check!) your child's studies whilst working at home. Please visit this section of our website to see what work has been set for your child.

Please continue to support your child's learning at home. If you have any queries please contact us, the best way is by emailing hello@voy.hlt.academy

I will write again soon. In the meantime, I wish you all the very best over the forthcoming weeks.

Yours faithfully,

Mr T Eastaugh
Principal
